WHY ESIF 2021- 2027?

EBLIDA selected ESIF 2021-2027 for the following reasons:

- a) the R&D requirement in ESIF projects is not essential; there is room for small as well as big libraries;
- b) programmes are administered at national level; no complex networks at European level;
- c) libraries, and in particular public libraries, are strongly connected with local communities, and so do ESI Funds;
- d) ESIF normally accounts for one third of the whole EU budget.
